

EC Declaration of Conformity

Abena International A/S
Egelund A 35
DK-6200 Aabenraa

hereby declares that our Abena disposable **Abri-San Premium** incontinence products, included in this declaration, are produced in accordance with the directions of the Council 93/42/EEC of 14 June 1993 concerning medical equipment, category 1.

Abena International A/S can produce technical documentation as follows:

- Design drawings
- Product sheets
- Directions for use
- Test results of quality
- Test results of uniformity

Abena incontinence products can be disposed of within ordinary household rubbish and incinerated in public waste disposal systems after use. The only residuals will be water, carbon dioxide and harmless nitrogen compounds.
